

## FOCO ONE 1200

BIO-30-130

Foco One 1200 är en stilren en-sidig inbyggd bioetanolkamin, perfekt för vägginstallation. Designad för moderna interiörer, låter denna eldstadsinsats flammorna ses endast framifrån, vilket skapar en fantastisk blickfång. Välj mellan en manuell eller automatisk bioetanolbrännare, som erbjuder justerbara flammnivåer och, i automatiska modeller, fjärrkontroll via app. Tillverkad av 4 mm pulverlackerat rostfritt stål inkluderar den härdat glas för att skydda flammorna och säkerställa en stabil förbränning.
